SEATTLE--The small lock at the Hiram M. Chittenden Locks in Ballard will be closed from 7 a.m. July 7 to 4 p.m. July 16, according to the Seattle District, Army Corps of Engineers, which operates the Locks.

The closure will allow workers to make needed repairs to the small lock gate pintles.

The large lock will remain open for boat traffic throughout this period. Boaters should be prepared to use the large lock with appropriate equipment and crew.

Information about navigating the large lock can be found on-line at:
